Construction Update

New exit door
on west side of
dining room.

The footings and
floor are in
for the addition.

Construction for our Dining Room addition/renovation continues. Site utility work is in full swing and a majority of the masonry foundation wall is in. Construction in the inside dining room will start as early as early July. Due to utility work the parking lot has been delayed until all utilities are completed. We would like to thank you for your patience during this phase of construction.

Resident Spotlight - Mary Hobert

Written by: Debra Snyder

Mary Hobert was born in New Brunswick Canada, the youngest of 6 siblings. Her mother passed away when she was still an infant and she was cared for by her older sister who was only 8 at the time until their father passed away. At that time close friends adopted Mary and she moved into Northern Maine. Her family spoke French in their home, which required Mary to learn English to survive in school, amid teasing from her fellow students. Mary landed a job working as a telephone operator after High School and there in Limestone, Maine met her husband who sadly died very young when their daughter Linda was just a baby. Mary did odds and ends of jobs to support herself as a single mother, propping Linda up to watch and play while she accomplished tasks. Mary later remarried. She and her family loved tent camping, fishing, and hunting amid the beautiful New England Mountains. Mary, always an "outdoors" person, enjoyed snowmobiling as well as attending local stock car racing events around dirt tracks in their area. A passionate animal lover, she shared her life with a succession of miniature black poodles, always named "Bobo". She is said to be a "phenomenal" cook in addition to having a green thumb that produced wonderful ever expanding and beautiful garden/s throughout the years. Mary maintained a Canadian citizenship for nearly 55 years and then, at the persistence of family, obtained her US citizenship. She finished her working years as a phone operator for an insurance firm, retiring at 73. Mary moved to Nebraska to be close to her daughter and family. She continues to be a NASCAR fan now watching the races on TV. We are thankful to have her serving as one of our "Resident Fishing Experts" as well as a highly valued member of our LCC family.
